

How it works

A touch-tone telephone and a PIN number are all you need to use Access24. Your PIN number will be issued to you after registering with the credit union for this convenient service. All transactions made via Access24 must be made within the same account number for security purposes.

Selectable Transactions using Access24

Review any of your account balances

Transfer funds within your account

Make loan payments

Verify the last 10 deposits

Verify the last 10 withdrawals

Verify that a specific check has cleared

Verify the last 10 checks that cleared

Change your PIN number
